bpy_extras submodule (bpy_extras.keyconfig_utils)

bpy_extras.keyconfig_utils.**addon_keymap_register**(keymap_data)

Register a set of keymaps for addons using a list of keymaps.

See 'blender_defaults.py' for examples of the format this takes.

bpy_extras.keyconfig_utils.**addon_keymap_unregister**(keymap_data)

Unregister a set of keymaps for addons.

bpy_extras.keyconfig_utils.**keyconfig_test**(kc)
